

Stimulating and co-ordinating, on an international basis, studies, research, applications, scientific exchange, and communication in the fields of radio science

# Brussels, 16 February 2017

## URSI Benelux Forum 2017

*“From EM waves to information”*

The 26<sup>th</sup> URSI Benelux Forum is offering a meeting opportunity to researchers preparing a PhD in the different scientific fields covered by URSI (International Union of Radio Science - Union Radioscopique Internationale). Researchers with a PhD are also welcome to present significant advances in their postdoctoral research. The meeting offers to them and to the academic and scientific staff of universities and institutes a unique opportunity to be informed about the different research programmes in Radio Science.

### Organisation

The Forum will mainly consist of a number of invited talks from Belgian and Dutch experts, followed by a Poster Session (contributions will be placed in the relevant URSI session).

### Student competition

URSI has a clear intention to support Young Scientists through its YS Programme and through supporting and organizing Student Paper Competitions at National or Regional events as will be the case at the Benelux Forum 2017.

### Abstract Submission

A one-page abstract *in PDF format* (including title, authors & affiliations and references) should be sent to [ursi2017@elec.rma.ac.be](mailto:ursi2017@elec.rma.ac.be). Submission is required by February 1<sup>st</sup>, 2017.

An area of 1m (wide) x 2m (high) will be available for each selected poster.

### Proceedings

The proceedings of the URSI Forum will be made available on-line to all participants.

### Acknowledgement

Funding from the MUSICS (FNRS) graduate school is acknowledged.
